

Update the instructor dashboard's results figma design	<p>The instructor dashboard's results page should list all of the selected_course's students in a table, each with the following information:  Student ID, Last Name, First Name, Cooperation, Conceptual contribution, Practical contribution, Work Ethic, Average, # of evaluations received, and actions.  Under actions, each row should have a link to 'see detailed view', which will represent a new Detailed Results View page.</p> <p>1 hour and a half</p>
Redesign Student Dashboard's overall scores	<p>Redesign the student dashboard's overall scores to display each score out of 7. Also, add a gradient colour code to the score boxes.</p> <p><b>Acceptance Criteria</b></p> <p>Add 'Overall Scores' subtitle</p> <p>Display all scores out of 7.00, and make them bold.</p> <p>Display all scores on a colour gradient, where a score of 0.00 will give #bd2611 (red), and a score of 7.00 will give #028f00 (green)</p> <p>1 hour and a half</p>
Google sheet showing all sprint 3 issues in detail	<p>1 hour</p>
