The design for students took more time compared to the instructor as there were more features. The total time was around an hour per page -> around 6-7 hours.

Overview:

| Practical Contribution: **2.5** | Work Ethic: **4.5** | Conceptual Contribution: **6.5** | Cooperation: **6.7** |

Project 1 (Due Oct. 1)

Cooperation	Conceptual Contribution	Practical Contribution	Work Ethic	Comments	Date completed
7	6	5	4	Great job!	22/09/2024
5	6	4	2	-	22/09/2024
7	7	6	7	Excellent!	23/09/2024

Project 2 (Due Oct. 1)

Nothing yet.

Progression

Progression

Also, instructors are now able to see each team's members on a new page that shows them in a vertical order. This took me about an hour to complete.

Lastly, I created a component called slider that has 3 attributes, the minimum, maximum, and title. This made it easier for the frontend developer to make the Evaluations page which contains the sliders. This also took me around an hour.
